

# Deep Learning : MP1 Report

Antoine Lavault

January 31, 2018

## Getting Started

In this report, we will present the methods implemented for the first lab course of the Deep Learning class.

A Jupyter notebook for this exercise can be found at : <https://github.com/ALavault/DL>

- 1 Simple Classification**
- 2 Visualization of the solution**
- 3 A More Difficult Classification Problem**
- 4 A Regression Problem**
